

Dear Parents/Guardians,

All Transition Year students have been completing a module on Careers with Ms. Moore each week. In order to ensure that **all students** have completed the module ahead of picking their 5th year subjects alternative times have been scheduled below for after midterm.

Please note: It will only be at each workshop that students will be issued their own personalised subject options form so attendance is vital.

Monday 24th February

The following will be completed.

Each student will set up a personal online profile and complete;

Guidance interview, career values, career interest profile, personality test, multiple intelligence test, personal and career values, career skills, enterprise skills, colour blind test, learning styles and study-skills. When testing online is completed all students will then complete a written occupational interest inventory.

Once students have completed **all assessments** they will be issued an individual appointment with the Guidance Counsellor, E. Moore if they wish to discuss subjects options and careers.

If students have not finished their online profiles they will need to do so before Tuesday 25th February by logging onto www.careersportal.ie. If a student cannot remember their Login details I can re-issue their login and password.

Reminder: We are holding a parent/guardian information night in relation to subject choice for 5th year after midterm. We will be in contact in relation to the date and time.

Regards,
