

Dear Parents/Guardians,

I hope this letter finds you and your family well.

Today all 2nd and 3rd year students had an assembly with the school student support team where two speakers from An Garda Siochana, Juvenile Liaison Officer Aidan McCarthy his Garda Colleague spoke to them. The Guards spoke to the students in 2nd and 3rd year about keeping safe and the importance of not engaging in any antisocial activities. They spoke in particular about the dangers associated with Vaping of unknown or dangerous substances from their experiences at work.

I would ask that all parents/guardians read carefully the school code of conduct and the substance mis-use policy with your son/daughter tonight. Please be aware that **'vaping'** is a breach of the school code of conduct.

I would ask that you speak to you child about the dangers of unknown substances and how they can effect lives.

Many thanks for your ongoing commitment and support.

Kind regards,
Michael O'Sullivan
Principal
